Scramble Functional Descriptions

General:

- Registration (Glenda McMahan) – to assist the participants to register when they arrive

Car Show: People's (Participant's) Choice: TBD – (we need a functional Chairperson)

- Vote Tally – to count the votes for all entrants

Funkhana: TBD – (we need a functional Chairperson)

- **Starter** (1 w/backup) TBD – checks that the participants are in the correct category and manage starting and stopping their run. The participants will start and end in a Corvette (buckled up) – they will start and stop the stop-watch hanging from the rear-view mirror.
- **Course Worker** (2) TBD – follows the participant thru the event to make sure they are completing the required action at each station. A second worker would re-position the items at each station for the next participants.
- **Scorer** TBD – logs the run-time of each run, their penalties, etc for each participant team

Rallyes: TBD – (we need a functional Chairperson)

- **Chief Technical Inspector** (1) TBD – technical inspection of the working components of the vehicle is required. This position performs the tech inspection of the cars; typically as they head out on the rallye.
- **Checkpoint Workers** (2-3) TBD – for the Chance (Poker) Rallye, there will be checkpoints where the participants will draw a card for their poker hand.
- **Scorer** – typically performed by the Rallyemaster. They are responsible for checking the answers of the gimmick rallye along with the poker hands.
