The purpose of the DFW NCSD Car Show event is two-fold:

- To raise money to support the Virginia R. Cvetko Patient Education Center's development of a cancer survivor Transitions Program

The focus of the Transition Program is to address concerns cancer survivors face as they transition from being cancer patients to resume their "normal life". An outline of the program developed by the LLS chapter in San Antonio is provided below as a guide to show the meeting format and topics addressed:

Transitions: Life after Cancer

Session 1: Fear of Recurrence - MD speaker

Session 2: Psychosocial Issues around Survivorship - Social Work speaker

Session 3: Long-Time Side Effects: What They Don't Tell You - MD speaker

Session 4: Sex after Cancer - RN speaker

Session 5: Nutrition and Complementary Therapies - Nutritionist speaker

Session 6: Celebration of Life – Chaplain speaker

The sessions are two hours in length and include a speaker followed by a support group type meeting to discuss the information presented plus any issues from the group.

The proceeds of this event will be donated to the Cvetko Center to defray the costs of developing and implementing the Transitions Program and to provide ongoing support.

Donations: A representative of the Cvetko Center will be at the DFW NCSD Car Show. If you wish to make a donation, please make check payable to the *Cvetko Center* noting on your check that your donation is for the "Transitions Program". If you are unable to attend the Car Show but wish to make a donation to support this program, please send your donation in care of: Andrew W. Janke, 3702 Frankford Road, #12201, Dallas TX 75287.
