Facts about St. Jude (resource from www.stjude.org)

- Families never receive a bill from St. Jude for treatment, travel, housing and food – because all a family should worry about is helping their child live.
- St. Jude is working to drive the overall survival rate for childhood cancer to 90 percent in the next decade. We won't stop until no child dies from cancer.
- Because the majority of St. Jude funding comes from individual contributors, St. Jude has the freedom to focus on what matters most – saving kids regardless of their financial situation.
