FROM THE PRESIDENT'S DESK

Our Texas Governor has opened up businesses with restrictions, and this does include our meeting venue Buffalo West. However, with the 50% dine in restriction, there not enough room on the patio for a meeting of our size. So, the June Membership Meeting will be held on **June 8th at 7:30pm** by way of the Microsoft Teams video conferencing application. Please check the email that Doug McMahan sent out on Saturday, May 30th for directions on how to attend.

As of May 5th our NCCC President Dale Samuelson emailed that starting May 1st all NCCC national event points would be suspended until July 1st. Due to COVID-19 our **June Fat Daddy's** event has been canceled.

I am excited to announce the Larry Hoaldrige Memorial Committee with Sylvias approval has decided to rename the Annual Super Speedway Weekend at Texas Motor Speedway to honor Larry:

Larry Hoaldrige Memorial Event Cowtown 24th Annual Speedway Weekend

The autocross weekend was a special event for Larry, one he loved since day one that Cowtown hosted it at TMS.

The Board is hoping that July will be some way back to normal. Gayle Cherry is working on some great socials, and Robert Gyer and David Gill putting some cruisers together.

Please check Cowtown Vettes web site for current updates!!!

The June Board meeting will be on the 17th at 7:00pm and held via Microsoft Team video.

Have a safe month.

VICE PRESIDENT'S REPORT

Hello everyone!

Well, again unfortunaely not much to say. While I have come up with a few ideas for social events, the logistics of making anything work under the current retrictions are tricky to say the least. As with the membership meetings, we have more people than occupancy restrictions will allow, so until those are lifted, I can't really plan anything very soon.

Meanwhile, one thing I can work on is our Christmas party set for Friday December 11th, I hope to soon be asking for some volunteers to help with the planning. Last Christmas party was the first one I attended and I want to ensure it is enjoyable for all attending. I am also looking for help with planning events for later this year. As Don has said numerous times, this is your club and we would like to do things members would like to do. As you know, our Spring Scramble at Fat Daddy's had to be cancelled, so if you have ideas and/or would like to help with any events for the remainder of the year, please feel free to email or call me. I look forward to seeing everyone in the near future.

CTV ANNUAL CHRISTMAS PARTY
FRIDAY DECEMBER 11TH 2020
FORT WORTH TEXAS STOCKYARDS

Gayle Cherry
Vice President
texascherry@att.net

WEBMASTER

Since the last edition in May... Cowtown Vettes had one cruise scheduled and it was called off due to rain. Good News is that the **San Angelo Cruise** is still a go...so check the website for updates.

So... while we all have time on our hands, I have attached the links below for some updated Corvette news. Since the LowDown is now only on-line, all you have to do is click on the [link](#) and enjoy.

CALLING ALL CRUISERS

Well it seems we can't catch a break! For the second time I had to cancel or postpone our cruise to Thurber. But don't dispare, I'll just reschedule. Our Fat Daddy's Funkhana for June 13th is also canceled due to the COVID 19 virus so I will use that date. You know the drill by now, same place (Cube Smart Storage parking lot) and same time (11:30 am) please bring your mask (just for drivers meeting) I will have extra masks if anyone needs one and hand sanitizer. As before, please respond back to me at geydrill@aol.com if you plan to cruise with me to Thurber.

Also I want to remind those that have signed up with Norman Walker for his San Angelo cruise that he has checked with all of his planned stops, hotel, etc. and all is a go at this time. If any changes Norman will be in touch.

Since it has become very difficult to have Club meetings at Buffalo West (again because of the VIRUS) I hope to do more cruises to help bring us together to talk and laugh with everyone again. With that I'll close for now

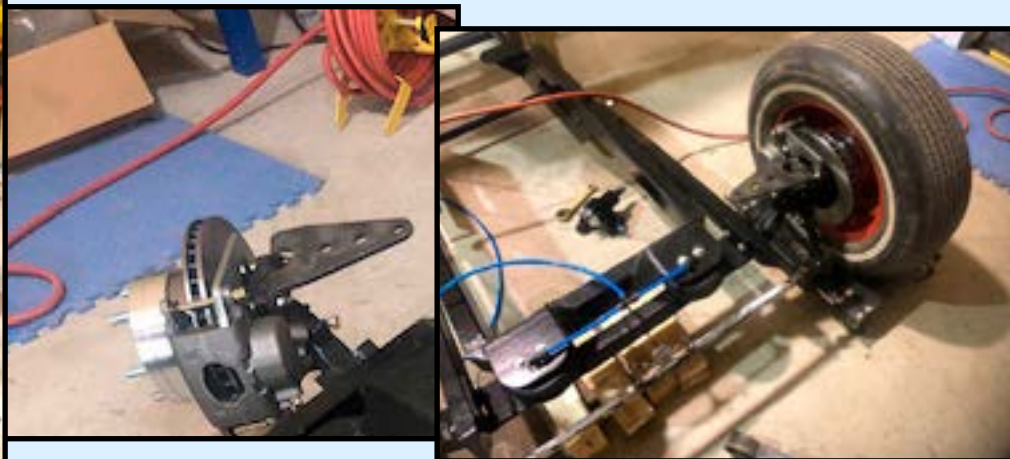

Robert Geyer
Cruiser Chairperson
geydrill@aol.com

David Gill
Co-Chairperson

As always Be Safe and stay Healthy

Larry Currey's been keeping busy working on his '29 Rat Rod.....

Even though we have not had meetings, some members have continued with their support of the charity program for Cowtown Vettes by sending checks to Jo Ann Smith or myself and we greatly appreciate your support. The charity program is largely funded by the 50/50 raffle that is held at the monthly club meetings. Since we have not been able to meet since March, this program would have had a difficult time meeting the budget that we have set for this year. However, thanks to Jo Ann and Raley Smith's suggestion of the mailed donations and to the generosity of some members, we are close to meeting our goal for the year. Thank you so much!! And donations are still accepted!!

Larry and Vicki Currey own a business named WALLPEG INC. and they have promised to give \$100 in store credits as a 50/50 raffle prize for 5 months. I have not determined a way to do this on line yet but if I come up with a plan, I will send out a CTV-All to everyone. You can check out their business at <https://wallpegstore.com>. And yes Doug, I will try to use the correct email address!

We were scheduled to help at the TARRANT AREA FOOD BANK on June 16 and Cowtown has always had great support for this activity. In May, I was told to call back in June for updates so hopefully, I will have

Debbie Lindsey
Charities Chairperson
debgind@aol.com

an answer about our participation by the June 8 meeting.

Cowtown is also scheduled to help with the Christmas in July Party at Cook's Children's Hospital July 24th but I have not contacted them about the viability of that activity yet. I have checked with NKF and they are tentatively planning a walk for October 25 which will be at Lone Star Park. More to follow on that as well.

I realize that we are living in a strange, uncharted time and health is a major concern, especially since many of us are in the age range and have health issues that may preclude us from participating in the "normal" charity activities that we have had a history with in the past. As we work through these times, I will keep you updated on the information that I have available and will plan accordingly with the guidance and suggestions of the Cowtown Vettes Board.

Jerry and I are due to be grandparents again by the end of June, first part of July and in concern and care of our son and his growing family, we will be "laying low" so to speak and will continue to have minimal contact with the public.

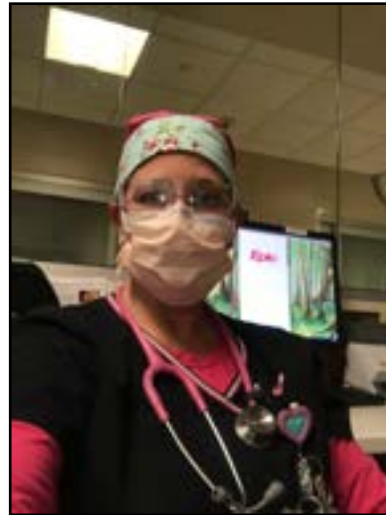

Hope you all stay safe and stay healthy!

"WHAT DO YOU DO WHEN THE WORLD SHUTS DOWN ?"

Members of a Cowtown Vettes Corvette club, or any car club for that matter, thrive on going and doing. After all, you have a cool car. You need to be going somewhere in it. So, what do we do when all activities are called off? I floated this question out to our members. Here are the answers I got.....

- Several members are still working; Some are working from home, while others still must go in to work
- Several of our members are front line heroes
- Many of us are retired, so maybe our lives are not that different

Amy & Korey Rogers – Amy is a part time nurse at Baylor Scott & White Medical Center, so she is on the front line. She sent a picture all dressed in her PPE. You might not recognize her. Korey is a financial planner and is working hard to help his clients weather the economic crisis. He told me when the weather is good, he puts down the top on his C7 convertible and at least gets to enjoy it on the way to work.

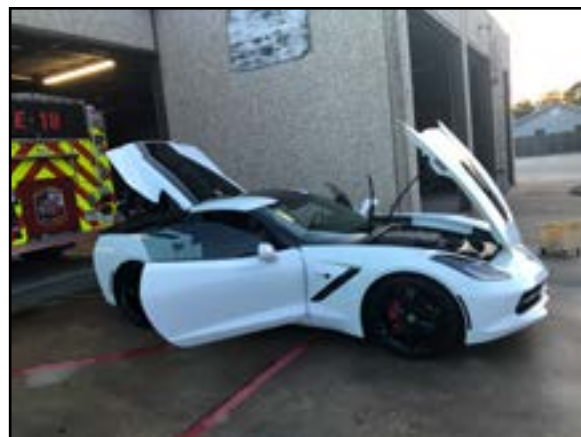

Ric & Jessie Williams – The second front line hero I know about is Ric, a Firefighter/Paramedic for the City of White Settlement and an ER RN part time for Texas Health Resources (he works at different ER's). Jessie is an Animal Control supervisor and the supervisor over the Animal Shelter for the City of Azle. Here is how he said they spend their time:

My wife and I are still working but, on our days off we do keep busy around the house. The Vette is staying clean every day. We have taken the top off on nice days and gone for some drives. Doing work on the flower beds and lawn. Doing work inside the house. Have done a Lot of deer watching on our back porch. Lots of walks.

He sent some pictures of the deer, their dogs posing in the blue-bonnets and the Vette being washed at the firehouse.

members were asked by reporter-at-large **Jo Anne Smith**

Mary Pittman and William Nolan – Mary continues to work part time as a pharmacist at Cook's Children's Hospital, so she is also on the front line. They have spent much time gardening, baking, and driving around in their C7. Here's Mary's report:

Nothing much we had done during this time period has involved Corvettes...although we have taken a couple of Sunday afternoon drives just to get out of the house. I have been working on perfecting my baking skills....and William has been the taste tester... when he hasn't been working in the yard.

The pictures of her creations look amazing.

Johnny & Anna Shotwell – Johnny has worked from home for years, so that part of his day hasn't changed. However, he says there are some hardships for him.

The biggest challenge for Anna and me is that we eat out a lot!! I mean A LOT! With all our favorite restaurants closed and/or only doing take out, we had to dig out the cooking utensils!! We have survived each other's cooking with a takeout or two now and then! We did manage a visit to a dine in or two this past week. The biggest negative is that have not been able to see or visit my son and grand kids!! Am looking forward to the Corvette trip to Eureka Springs in October!!!

I asked what he had been cooking, he replied:

Nothing special but did dig out the grill and smoker!! Everything tastes good from the grill!!

Larry Currey – Larry posted some updates on the website. Besides being webmaster, he has a 29 Ford Rat Rod that he is working on.

"WHAT DO YOU DO WHEN THE WORLD SHUTS DOWN ?"

Doug & Glenda McMahan – Doug and Glenda have continued to work – part time for Doug. Here is report on how they have spent their time.

Since I have been furloughed 50% of my time from work; my quarantine activities have varied:

- *I am 100% work-from-home every other week; Glenda had to go back into the office starting on 5/4/20.*
- *I have continued the effort to sell vehicles, parts & tools for Sylvia; all vehicles are now sold.*
- *I've been working on our '67 Corvette out at Sylvia's shop. We have taken most of it apart and we are in the frame-off restoration phase. I have had some club members that volunteered to help remove the body from the frame, William Nolan, Robert Geyer and Don Wells.*
- *I've also completed drawing a few CARtoons, for various uses.*
- *We have enjoyed cooking more meals at home; and even trying some new recipes, etc.*
- *We have also been holding our Cowtown Board Meetings virtually, via Microsoft Teams; so that we are able to handle the club business.*
- *We will be hosting our first virtual Southwest Region Governor's Meeting on Microsoft Teams within the next couple of weeks.*

Larry Dyer - Another club member who enjoys working on cars. He included a nice picture of his El Camino:

I have a 1970 El Camino I have owned since 1972. I'm spending my time rebuilding the suspension, tubular control arms up front also converting to disc brakes. Also changing the rear to tubular control arms upper and lower.

Barb & Red Greenfeder – Barb & Red are typical of what many of us are experiencing. Since they were already retired, they thought this would be a piece of cake!

The true extent of social isolation took a while to sink in. We stocked the pantry, freezer and lucked out on getting toilet paper before it was gone. There was a streak of cooking and cleaning; mowing and trimming bushes; even home remodeling and painting. By then we were tired, and boredom set in. A daily ride, with our pup Penny, is now part of our routine. County roads, trips to Possum Kingdom, flower viewing and even going to an isolated fossil dig has kept us busy. I play Mah Jongg with friends on the computer now. This is going on way too long! Stay well friends!

members were asked by reporter-at-large **Jo Anne Smith**

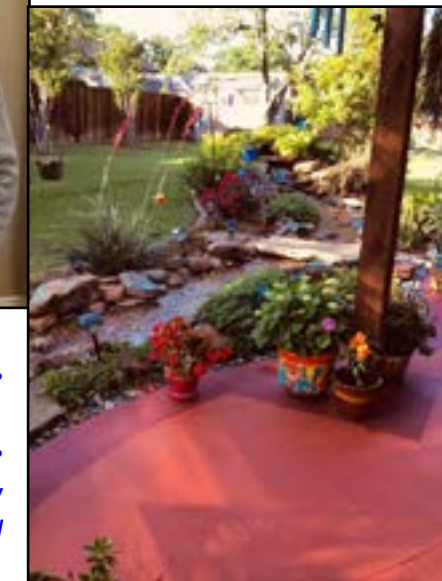

John Moulton – Some enjoy working with their hands. John included a picture of his handiwork:

During this current event, we have been busy with house repairs/updates. I did have time to build this wishing well for the back yard.

Raley & Jo Anne Smith – Like so many others who are retired, we were used to being home most of the time.

However, we did not realize the impact of losing our activities with CTV, as well as going to the gym, attending church and seeing friends and family. So, we turned our time to other things. After a couple of jigsaw puzzles, we were over that. But Raley turned his attention to gardening and yardwork. He is becoming more knowledgeable on raising irises, a new obsession. I have been harvesting strawberries like crazy and I tried my hand at making strawberry jam. We also had to cancel a couple of trips – one to our daughter's wedding (in Vegas).

Debby Jackson and I are in a ladies' chorus that has continued our rehearsals via Zoom. We even made a Virtual Chorus video concert. We have taken a few socially distant cruises (just the 2 of us, or 3 with the dog) in the Corvette, just to be sure we remembered how.

Like so many have stated, we are getting through this time, but will never again take our life and activities for granted. Stay strong friends. We look forward to seeing everyone again.

"WHAT DO YOU DO WHEN THE WORLD SHUTS DOWN ?"

Kevin and Cathy Anthony – Talk about incredible timing. Kevin and Cathy had just left on a Bahamas vacation when the world shut down. Here is his report:

We accomplished three tasks during the quarantine. Well, one task is still underway...

1. *Gave up on the Bahama vacation (and came home) even though we were practicing social distancing. See picture of Cathy on the beach.*
2. *Installed a tornado shelter.*
3. *Gone back to college to take a couple of courses in Java programming language. As you might suspect, racing is involved. These classes will help me with the website I am installing in the race car to report the car status to my cellphone*

*We left just before all this started getting bad, and it kept getting worse while we were there. Had to come home and abandon 10 days of paid vacation time in Nassau. We have also had to cancel a family RV trip to Yosemite & Grand Canyon with kids/grandkids and are in the process of rescheduling a transatlantic cruise in November. This pandemic is REALLY putting a damper on our fun. **Good thing there's beer...***

David Gill – David is serving as co-chair of the Cruiser committee. He was also active in suggesting CTV members support our sponsor, Buffalo West, by all showing up for take-out one night in our Vettes. Here is some work he's been doing.

I began going to my shop more frequently. The gray car developed a coolant leak near the upper hose nipple. I stated "near" because the metal part of the radiator was solid but, the driver's side end tank leaked. Only today (05/11/2020) have I finally found the right radiator. Of course, the factory air filter is in pieces, too. Not sure I will win that one.

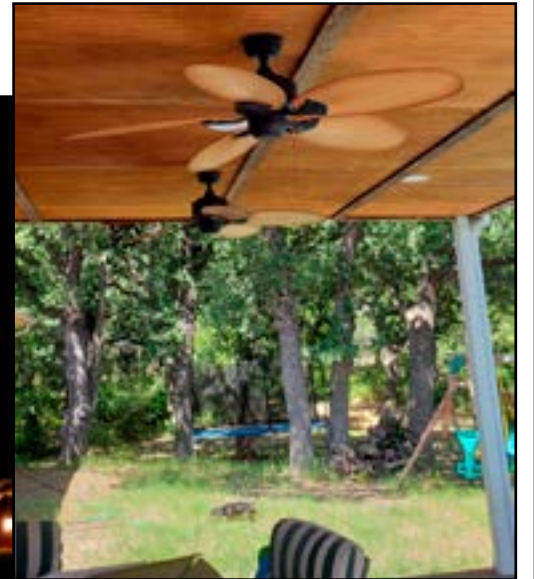

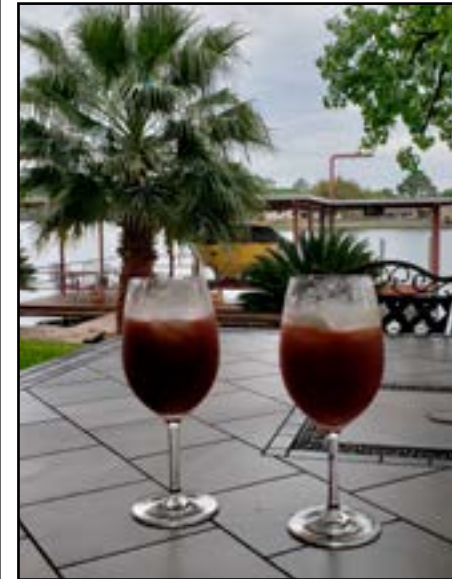

A good part of what we do in the Spring has been removed from our lives. Cowtown Vettes was a victim of the global "Pause" button. I am enjoying the planning sessions that Bob Geyer and I have used to plan several cruises. So, cruising, socials, and maybe a picnic will suffice for a while. Meanwhile, back at the Gill hacienda, storage facility & kennel, life is as we want it. We both give thanks for our good health (or so our doctors state.... with data), only rarely abuse it with alcohol and good food, and thank

God we are blessed.

members were asked by reporter-at-large Jo Anne Smith

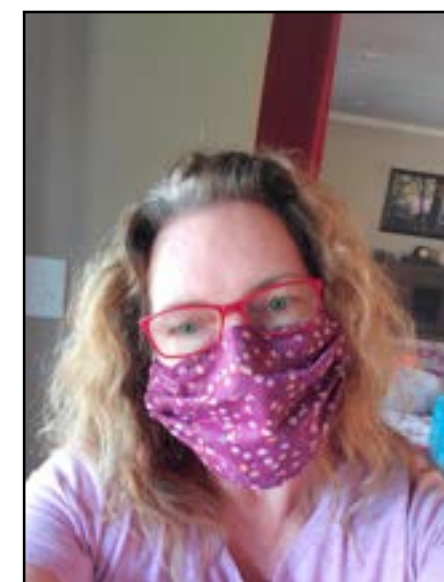

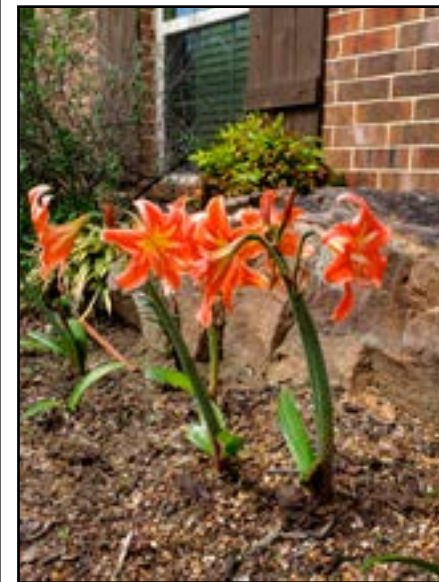

David & Becky Clark – Here's what Becky reports:

A little puttering in the flower beds. Planted a few. Spent weekends building a deck and patio cover at my son's house. Been out in the boat. Sitting and drinking on the patio.

Debby & PJ Jackson – not only has Debby been gardening and baking, she makes masks for herself and for a local assisted living home.

So I've been hanging out with PJ and the doggies on the patio making masks, working in the yard and making bread. I haven't done any baking or sewing in YEARS, and I was way behind on yardwork, so the lock down has actually been good for me. I've been exercising, too! I have attached pictures of all but the exercising, nobody wants to see that!

Westcliff West Neighborhood Association Thursday July 4th

Carol Savage welcomes Cowtown Vettes membership to join her for the Annual Westcliff West Neighborhood 4th of July parade.

Staging will take place at the Congregational Church at 9:30 AM in the parking lot, located on the East side of Trail Lake Drive at the corner of 4201 Trail Lake and Manderly.

Don't forget your flags and decorations for your Corvette, and don't forget your hats, water and sunscreen.

Due to the current Coronavirus rules, please stay 6 feet apart and bring your face mask. We will not be able to give out candy or dog biscuits.

Parade starts promptly at 10:00 O'clock "**Don't be Late**"

Questions:
Contact Carol Savage
817-366-6727 cell
savage.carol@sbcglobal.net

Though the Museum is currently closed to the public (we do not yet know when it will be allowed to open), the Store and Cafe will open next week. Here's some information on what those openings look like:

- **Corvette Store**
May 20 - In-store shopping opened at 50% capacity. Current temporary hours are 8am-5pm CT Monday-Friday.
- **Corvette Cafe**
May 22 - Limited capacity dine-in, and full capacity outdoor dining. Current temporary hours are 8am-3:30pm CT Monday-Friday.
- **Corvette Raffle Tickets, Simulator and FotoFX**
Museum guests were able to purchase raffle tickets in-person as well as simulator drives starting May 20. FotoFX was opened in the lobby offering their services as well.
- **Memorial Day Weekend Hours**
The Store, Cafe, Raffle Tickets, Simulator and FotoFX was open May 23-25 from 10am-3pm. Future weekend hours will be evaluated after we determine the level of interest, and announced at a later date. Once the Museum is approved to open the exhibit areas we will return to normal business hours.
- **Corvette Plant**
GM Bowling Green Assembly will resume production of the Corvette on Tuesday, May 26. We do not yet know when tours will be available.

For updates, please check the website : <https://www.corvettemuseum.org/>

NCCC EVENTS

Unfortunately, we had to cancel this years **Annual Fat Daddy's Spring Scramble**.

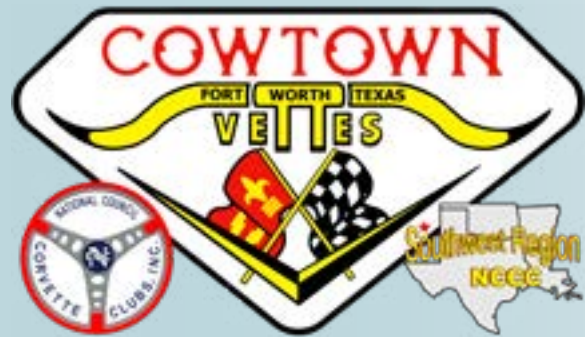

Our **24th Annual Super Speedway Weekend** has been reschedule for **November 14th and 15th**. Our **Autocross Scramble Weekend** (formerly in Mineral Wells) will now be at the TSTC Airport in Waco, September 26-27th.

Please check the [Cowtown Website](http://www.cowtownvettes.org) for the most updated information on NCCC Events.

Don Wells
NCCC Event Coordinator
nccevents@cowtownvettes.org

Robert Geyer
Co-Coordinator

NCCC GOVERNOR

Not much going on in our area with the exception of the cruises this month and next, then Convention in July and the car show, funkhana and rallies in Ardmore, OK the week after Convention. Hopefully we will hear some new NCCC guidance from the Competition Committee after Convention as to how we can conduct our events. Debbie is now fully retired and is keeping busy at home and we made a trip to Richmond, TX to visit our grandson and his parents all the while maintaining social distancing from other people and vehicles. I am now an experienced Jeep Gladiator lift installer. We looked at a 25 minute video on You Tube, studied about 15 pages of instructions and then spent nearly 12 hours installing a 2-1/2" lift kit. I am now a retired lift kit installer. When we finished I was afraid we would have to let air out of the tires to back it out of their garage but it cleared by about 1-1/2". Now my son can look eye-to-eye with the eighteen wheel drivers. Hopefully we will see each other on the little screen at the June meeting.

CTV Logo Merchandise

Hello and welcome to the Logo Merchandise store. There are lots of great things for sale with the Cowtown logo on them:

Caps, Visors, Sweatshirts, Long Sleeve T-shirts, Short Sleeve T-shirts, Men's & Women's Long Sleeve Denim Shirts, Polo shirts Name Tags

(Please note that on all shirt orders, 2XL and up sizes are slightly higher)

If you want your name added to your shirt, it's only \$3 more!

Or if you want a Cowtown logo or a certain year Corvette on one of your own shirts it's only \$5!

We also have stickers, patches and koozies

So stop by the Logo table before and after the meeting to place your order. You'll get your order by the next meeting.

Thanks!

Donna Forsythe
Logo Merchandise Chairperson
