## FROM THE PRESIDENT'S GARAGE

I'd like to thank Gayle for presiding at the February Membership Meeting, also for a great job on the Super Bowl Party.

If someone told me that we would have below record temperatures last month, I would have questioned them. We had many of our members with no electricity and water for over 4 days. There were a few that had water damage, our prayers were with them.

March is going to be a exciting month, we have the auto practice / school and the Mardi Gras Party. This is a great time to come out and enjoy being with your Club family.

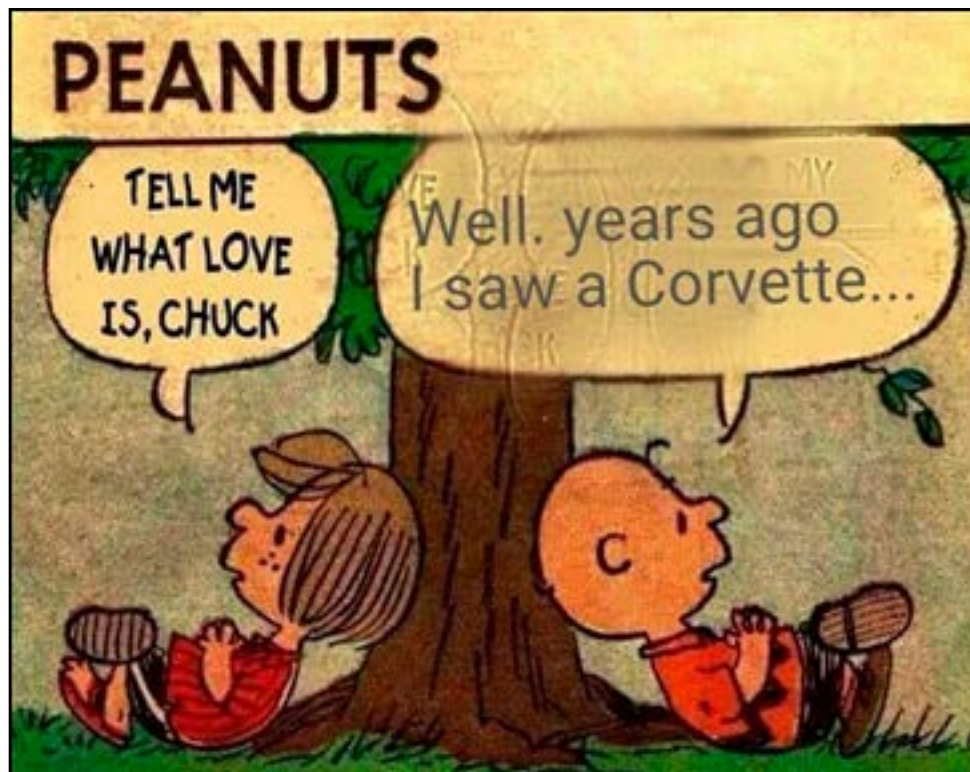

I still need a National Corvette Museum Chair, so if you are interested please give me a call.

March 17th Board Meeting will be held at Fat Daddy's at 7:00 PM. Our Board meetings are always open to all members.

***Have a safe month.***

*Don Wells*

## VICE PRESIDENT & SOCIAL SECRETARY

A big thank you to all who came out to our Super Bowl party last month. It was a great evening watching the game and commercials and eating good food. Congratulations to our football grid winners:

- **First quarter- Richard Geyer**
- **Second quarter- Raley Smith**
- **Third quarter- Jo Anne Smith**
- **Fourth quarter -Raley Smith.**

Our social for March is a Mardi Gras/Cajun luncheon please join us for a great meal and camaraderie with our club members. If you would like to sign up please call, text, or email me at the information below.

Get out those beads and join us  
**Saturday March 13th, 2021**  
at Boo Ray's in Crowley for a Mardi Gras Celebration.  
Time: 3:00pm.  
Address: 316 E Main St. Crowley, Texas

We chose the Crowley location this year because they have a larger upstairs room where we will all be able to spread out. They also have an elevator for easy access upstairs.

## Save the Date for our Annual Christmas Party

**Saturday December 4, 2021**

I hope everyone has a fantastic month and Happy St. Patrick's Day.

*Gayle Cherry*  
Vice President  
[texascherry@att.net](mailto:texascherry@att.net)

## DIGITAL & SOCIAL MEDIA

We would like to request that when you are replying to a **CTV-ALL** email, please only reply to the **originator** of that email. To do this, hit reply on the email, then remove the **CTV-All** entry and replace it with the **originator's** email address. I have also asked the officers and chairs to include their email address in the body of the email so you have that address handy.

**eMail Distribution Lists** – several lists are maintained for club use.

- **CTV-ALL@groups.io** – this list is for all active members of Cowtown Vettes. If you are not getting club emails, send an email to [CTV-Membership@groups.io](mailto:CTV-Membership@groups.io). This is the primary media used to disseminate information about things going on in the club. FYI: This list is moderated to eliminate spam emails from everyone's in-boxes.
- **CTV-EO@groups.io** – this is only for Club Officers – however, if you have something you would like to bring to their attention, as members, you can email to this list.
- **CTV-Committees@groups.io** – this is only for Club Committee Chairs and Co-Chairs – if you have something to share, as members, you can email to this list.
- Other distribution lists exist for things like Car Show, NCCC Events, etc. exists, reach out if you need more info.

If you change your email address – please send an email to [CTV-Membership@groups.io](mailto:CTV-Membership@groups.io). More information on lists and acceptable use of them [can be found on our website](#).

 if you are on Facebook and not a “friend” of Cowtown Vettes, members can't include you in tags – to show your non-club member friends all the fun we are having. If you are posting, be sure to tag Cowtown Vettes so it appears on our Facebook news feed.

*Doug McMahan*  
Digital & Social Media  
Chair  
[macsvettes@gmail.com](mailto:macsvettes@gmail.com)

## TEXAS MOTOR SPEEDWAY

I am working with Chris, our new contact at TMS, who took David P's role at the facility. We are hoping that we can have an opportunity to continue to work the professional events out there. We really don't know what events or job functions will be available at this time, however I'll share those as soon as I know. If you like working these types of events, keep track of these dates.

### TMS 2021 Professional Race Event Dates

- **April 29 - May 2 – Indy Car Series**
- **June 10-13 – NASCAR**
- **October 14 – 17 NASCAR**

Note: dates shown are tentative for qualifying and the actual race date. If you have an interest in working a shift or two please reach out to me.

Working these events helps us to offset the cost of renting the facility for our April Super Speedway Weekend.

*Doug McMahan*  
TMS Coordinator  
[macsvettes@gmail.com](mailto:macsvettes@gmail.com)

## COWTOWN CRUISER

I hope everyone survived the great freeze of 2021 and are now ready for some fun in our Vettes. Our first 2021 cruise was to Bridgeport for lunch at Yesterday's Dinner with help from Larry Schaapveld. More about this cruise next month along with news about future planned cruises. Remember I am always looking for new places to drive to and experiences to have, so if you have a suggestion, please don't hesitate to let me know. That's what Larry did and I made it happen, so thanks Larry for the suggestion and help.

Also, it's not too early to be thinking about where to collect those cruiser points and that special picture of "what I saw along the way".

*Robert Geyer*  
Cruiser Chairperson  
[geyerdrill@aol.com](mailto:geyerdrill@aol.com)

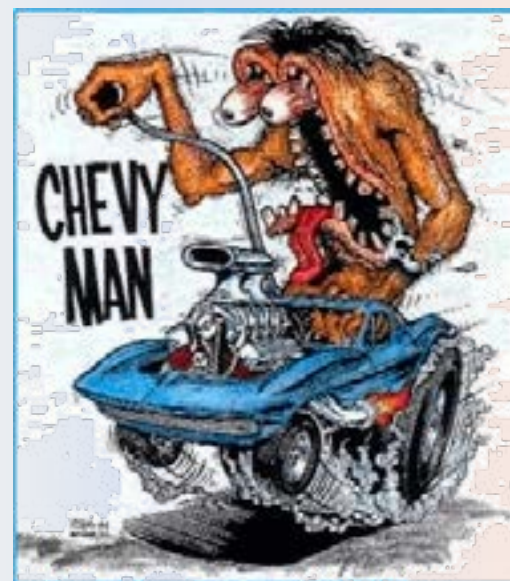

*David Gill*  
Co-Chairperson

## NATIONAL CORVETTE MUSEUM

*If you have a passion for the National Corvette Museum (NCM), get with Don Wells, we need an Ambassador.*

A few of the events happening at the NCM this year

- The Rat Fink Exhibit ends May 2 – this is a cool display of Ed Roth's creations that many of us enjoyed back during our childhood. The display was to end last December however it was extended until the 5/2 date due to the NCM being closed for Covid-19.
- April 22-23 – the Virtual Michelin Bash
- April 25-26 – the Museum In Motion Dragon Run
- May 14-23 – a 9-Day NCM Caribbean Cruise
- September 2- 4 – the 27th Anniversary Celebration of the NCM

Don't forget, since Cowtown Vettes is an NCM member, we do have passes available if you want to visit the NCM.

## CHARITIES

**CookChildren's**

National Kidney Foundation™

*Don't Forget to Feed Me*

PO Box 471277, Fort Worth, TX 76147 | 817-334-0727

Greetings to all! Hope you survived Snowmageddon 2021 without problems. I know some of you had a difficult time due to lack of power and/or water issues but hopefully, life is better at your house now.

In February, members had the opportunity to voice their opinions on the selection of charity programs to support for 2021 and the top 5 choices were Tarrant Area Food Bank, Cooks Children's Hospital, the National Kidney Foundation, St. Jude's Children's Research Hospital, and Fisher House. A budget proposal was presented to the Executive Board for discussion as well as the number of programs to support. We also discussed programs to consider supporting in the future. Due to the uncertainty of whether we will be able to have a car show and variable attendance at meetings, the Executive Board decided that it was best not to set a budget for the charity program at this time. At the end of the year, we can determine how many of the charity programs listed to support and will know how much can be donated. It was decided to support the "Don't Forget to Feed Me Program" in August and Toys for Tots in December as we can assist with these activities with product.

We will continue to have the 50/50 raffle (half the winnings to the individual with the winning ticket and half to the charity program) at the club meetings and if we are able to have the car show, we will host a 50/50 raffle at that event as well. Participation in these is voluntary.

I have discussed participation at the Tarrant Area Food Bank with the Board. The Food Bank is now hosting their Distribution Center Activities again in the afternoon and evening a few days a week. I will be checking their calendar next week for possible dates in May or June to participate. Hopefully, more members will have their vaccines by then and will feel more comfortable participating in this activity.

Come see me at the meeting if interested in purchasing tickets for the 50/50 raffle! Thanks!

**TARRANT AREA FOOD BANK**

# Finally...Chevy put the engine in the right place...and look what happens!! Corvettes Dominate at Daytona 24 Hour Endurance Race.

Steven Rupp  
Author  
Feb 8, 2021

The Chevrolet C8.R Racing Team Grabs A One-Two Finish In GTLM Class At The Grueling Rolex 24 At Daytona!

The Chevrolet C8.R certainly had some growing pains last year in what was a somewhat frustrating season, but, as they say, that was then and this is now. For the 2021 Rolex 24 at Daytona, the team dominated and pulled off an amazing 1-2 class finish in GTLM!

In fact, the team's biggest competition in the race was each other. In the final hour Jordan Taylor managed to get around his teammate Tommy Milner and fended him off for a razor-thin 3.519-sec-ond win.

Taylor and his co-drivers (Antonio Garcia and Nicky Catsburg) had to overcome a drive-through penalty as well as a stall in the pit lane late in the race. The number 4 car had obstacles, as well, including a problem with the gear selection system that plagued them for most of the race.

As if that wasn't enough, Garcia was yanked from the race after he tested positive, mid race, for COVID-19. But, even with all of that, the number 3 and 4 cars took turns leading the pack for much of the 24-hour endurance race before battling it out for the top spots. More Online reading below:  
[Corvette C8.R Grabs 1st and 2nd at the Rolex 24 Hours of Daytona](#)  
[Ford GT and Ganassi Racing Perseveres at Daytona Rolex](#)

If you have pictures of your Vette or from recent events...contact us and we will be glad to use them.

# 10 THINGS YOU DIDN'T KNOW ABOUT YOU

- 1. **Your Skin Has Four Colors:** All skin, without coloring, would appear creamy white. Near-surface blood vessels add a blush of red. A yellow pigment also tints the canvas. Lastly, sepia-toned melanin, created in response to ultraviolet rays, appears black in large amounts. These four hues mix in different proportions to create the skin colors of all the peoples of Earth.
- 2. **The World Laughs With You:** Just as watching someone yawn can induce the behavior in yourself, recent evidence suggests that laughter is a social cue for mimicry. Hearing a laugh actually stimulates the brain region associated with facial movements. Mimicry plays an important role in social interaction. Cues like sneezing, laughing, crying and yawning may be ways of creating strong social bonds within a group.
- 3. **Big Brains Cause Cramped Mouths:** Evolution isn't perfect. If it were, we might have wings instead of wisdom teeth. Sometimes useless features stick around in a species simply because they're not doing much harm. But wisdom teeth weren't always a cash crop for oral surgeons. Long ago, they served as a useful third set of meat-mashing molars. But as our brains grew our jawbone structure changed, leaving us with expensively overcrowded mouths.
- 4. **Cell Hairs Move Mucus:** Most cells in our bodies sport hair-like organelles called cilia that help out with a variety of functions, from digestion to hearing. In the nose, cilia help to drain mucus from the nasal cavity down to the throat. Cold weather slows down the draining process, causing a mucus backup that can leave you with snotty sleeves. Swollen nasal membranes or condensation can also cause a stuffed schnozzle.
- 5. **Puberty Reshapes Brain Structure, Makes for Missed Curfews:** We know that hormone-fueled changes in the body are necessary to encourage growth and ready the body for reproduction. But why is adolescence so emotionally unpleasant? Hormones like testosterone actually influence the development of neurons in the brain, and the changes made to brain structure have many behavioral consequences. Expect emotional awkwardness, apathy and poor decision-making skills as regions in the frontal cortex mature.
- 6. **Thousands of Eggs Unused by Ovaries:** When a woman reaches her late 40s or early 50s, the monthly menstrual cycle that controls her hormone levels and readies ova for insemination ceases. Her ovaries have been producing less and less estrogen, inciting physical and emotional changes across her body. Her underdeveloped egg follicles begin to fail to release ova as regularly as before. The average adolescent girl has 34,000 underdeveloped egg follicles, although only 350 or so mature during her life (at the rate of about one per month). The unused egg follicles then deteriorate. With no potential pregnancy on the horizon, the brain can stop managing the release of ova.
- 7. **Much of a Meal is Food For Thought:** Though it makes up only 2 percent of our total body weight, the brain demands 20 percent of the body's oxygen and calories. To keep our noggin well-stocked with resources, three major cerebral arteries are constantly pumping in oxygen. A blockage or break in one of them starves brain cells of the energy they require to function, impairing the functions controlled by that region. This is a stroke.
- 8. **Bones Break (Down) to Balance Minerals:** In addition to supporting the bag of organs and muscles that is our body, bones help regulate our calcium levels. Bones contain both phosphorus and calcium, the latter of which is needed by muscles and nerves. If the element is in short supply, certain hormones will cause bones to break down upping calcium levels in the body until the appropriate extracellular concentration is reached.
- 9. **Body Position Affects Your Memory:** Character Eddie Mora (played by Bradley Cooper) using memory-boosing drug NZT to write a book in four days in the movie "Limitless."
- 10. **Your Stomach Secretes Corrosive Acid:** There's one dangerous liquid no airport security can confiscate from you; it's in your gut. Your stomach cells secrete hydrochloric acid, a corrosive compound used to treat metals in the industrial world. It can pickle steel, but mucous lining the stomach wall keeps this poisonous liquid safely in the digestive system, breaking down lunch.

# TOUR OF CHRISTMAS LIGHTS

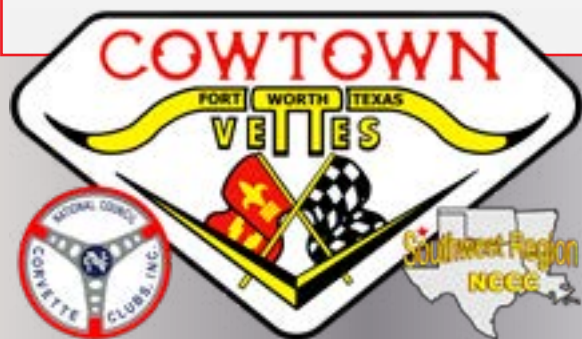

Cowtown is known in the Southwest Region and even nationally as hosting one of the premier autocross events. We hope that you will mark your calendar for the dates below to help us host another year of great events. One of Cowtown's biggest needs at these events are Members to help host the events to bring in funds to our club. I'd like to add that one of the biggest benefits of being around these events are life-long friends that you gain, and many of those we have made are outside our club.

**Cowtown's 2021 Event Dates** – we invite you to mark your calendar for these fun events.

- **Driving Skills Training / Practice Autocross: Saturday, March 6, 2021** –at the TCC South Campus, lots 3 & 4. This is a fun time to push your Corvette in a safe environment and to learn how well they handle. It is also a great time to try some of the fun functions, as we shake off the cobwebs from our club trailer & timing equipment. If you want to push your Vette and have a little fun, this is also a great time to do so – we even have seasoned drivers that can ride with you.
- **Spring Scramble: May 15, 2021 – at Fat Daddy's in Mansfield** – consisting of a Car Show, Funkhana and a Gimmick & Chance Rallye. This is a fun, event that allows some fun, laughs and testing your skills on the funkhana & rallyes.
- **Autocross Scramble: September 18-19, 2021 – TSTC Airport in Waco** – consisting of 14 Low-Speed Autocrosses. TSTC is about the same distance for most of us as Mineral Wells (now closed) was – plus this has indoor restrooms and we eat lunch inside the building.
- **1st Annual Larry Hoaldrige Memorial Event: April 24-25, 2021** – new tentative date **Nov 6-7 2021** – Lots of changes have taken place at TMS, including price changes along with the departure of David Pakebusch, a great contact that has helped me for the last 17 years, at least. Some of the changes, along with Covid-19 restrictions have forced us off our April date and the only date we could find available is in November. We are investigating a couple of other venues to possibly use for this event along with a better date to host it. This will be our 24th annual autocross event at TMS – consisting of 12 Low-Speed Autocrosses on the infield track at Texas Motor Speedway. Tech is hosted in the garage on Friday evening and we host a dinner on Saturday evening at the hotel. Laps on the oval for participants & workers takes place Sunday morning.

We will have some photos from past events in the February Meeting Slideshow – at Fat Daddy's ...and online.

More information on these events, please see information on Cowtown's website or feel free to reach out to me.

*Doug McMahan*  
NCCC Event Coordinator  
[ncccevents@cowtownvettes.org](mailto:ncccevents@cowtownvettes.org)  
*William Nolan*  
NCCC co-Event Coordinator

March is upon us. We are excited to be getting ready for our first (non-sanctioned) event of the year. On March 6 (March 7, rain day) we will be having our Driver Training / Practice Autocross at TCC South Campus, Lots 3 and 4. Dust you cars off and get ready for some fun!

I am sorry to say that the first four SW Region events have been cancelled. That includes the Dogwood Trails Festival in Palestine on 3/21-22, both CTCC events in Waco (TSTC Airport and Baylor parking lot) on 3/27-28 and 4/17-18, and the C.O.A.S.T. sanctioned autocross/drag event scheduled for 3/27-28. ALL CANCELLED!

What this means for Cowtown is that our event at Texas Motor Speedway, the Larry Hoaldrige Memorial Event, the 24th Annual Super Speedway Weekend on 4/24-25 will be the first SW Region sanctioned event of the year! This is our opportunity to show the rest of the region how to put on a quality event. Mark this date on your calendars. We're going to need a lot of help, but we can do this.

By the time you're reading this, we will have completed another cruise, sponsored by Larry Schaapveld and Robert Geyer.

Be sure to check the VP page for other socials Gayle's planning.

## COWTOWN CORVETTES MARKETPLACE

### WHO DOES WHAT

#### ◆ DIGITAL ART & PHOTOGRAPHY ◆

DOUG McMAHAN • 817-473-3837

#### MAC'S DIGITAL ART & PHOTOGRAPHY

*www.macs.douglasmcmahan.com*  
**General Photography, Custom Collages,  
Digital Artwork, Posters, etc.**

*I guess everyone's retired now, LOL!*  
*If you have a part time job or hobby you'd like to  
advertise, email the Editor and I'll fit you in!*

*Current club members enjoy a FREE  
"Who Does What"  
listing. Listings renew each December.  
Contact the Editor for more info.*

### CTV Logo Merchandise

Hello and welcome to the Logo Merchandise store.  
There are lots of great things for sale with the Cowtown logo on them:

*Caps, Visors, Sweatshirts, Long Sleeve T-shirts, Short Sleeve T-shirts, Men's & Women's Long Sleeve Denim Shirts, Polo shirts Name Tags*

*(Please note that on all shirt orders, 2XL and up sizes are slightly higher)*

*If you want your name added to your shirt,  
it's only \$3 more!*

*Or if you want a Cowtown logo or a certain year  
Corvette on one of your own shirts it's only \$5!*

We also have stickers, patches and koozies

So stop by the Logo table before and after the meeting to place your order. You'll get your order by the next meeting.

Thanks!

*Donna Forsythe*  
*Logo Merchandise Chairperson*
