## THE PRESIDENT'S PIT STOP

David Gill  
President

[president@cowtownvettes.org](mailto:president@cowtownvettes.org)

I hope this report finds everyone staying warm and either enjoying good health or overcoming medical adversity. I believe you will agree with me that Cowtown has "had its share" of medical setbacks. Please join me in praying for us all.

The January Board meeting was most constructive with upcoming events as early as Superbowl weekend and our party. You will find more detail in Jim Dawson's article. Larry Schaapveld is "combing the countryside" in search of potential venues that would be amenable to autocrossing and any suggestions would be warmly welcomed. Larry is your contact person.

I am still waiting on volunteers to lead two key efforts that are critical to Cowtown objectives: Car Show and Charity. The annual car show held in October is a key source of Cowtown's ability to support our charitable efforts as well as to maintain our club's financial vitality. The club needs two members to head these two efforts. Those willing to assume the leadership of these efforts are blessed with seasoned committee members and former leaders that can support your endeavors. Do not succumb to the "I'm all alone and 'holding the bag' stuck..." That is NOT how Cowtown operates! The ENTIRE BOARD, committee members, and membership are behind every individual that assumes a position of leadership.

About a year ago, the idea of a "flash cruise" surfaced but, it never came to fruition. You know, someone sifting at home gets an "itch" to get in their Corvette, meet up with fellow members in their Corvettes, and "take the long way" to get to a restaurant, just for the "helluvit." If you are up to such an impulse, let's discuss our way into a Flash Cruise. I am confident our cruiser chair wouldn't mind such impudence as long as he got an invite. If anyone has ideas of their own that ends up in a fun day from the seat of a Corvette, don't be shy!

As we motor on, be sure and.....

**SAVE THE WAVE!!**

The February slideshow will again be on the BIG SCREEN at Fat Daddy's again this month. In addition, Larry (our webmaster) will post it online, on the CTV Website.

If you have taken a trip in your Corvette and have some fun pictures to share with membership, please send those to me and I'll include them in the next slideshow.

Cowtown's Microsoft O365 account provides **OneDrive**, which makes it much easier for you to provide photos from events for the web and/or monthly slideshow. Please contact me and I'll provide you with that link to share your photos.

We would request that when you are replying to a CTV-ALL email, please only reply to the **originator** of that email. To do this, select *Reply* on the email, then **remove the CTV-All** entry and replace it with the **originator's** email address. I have also asked the officers and chairs to include their email address in the body of the email so you have that address handy.

If you change your email address – please send an email to [CTV-Membership@groups.io](mailto:CTV-Membership@groups.io).

More information on lists and acceptable use of them [can be found on our website](#).

**Note:** We are discussing continuing the CTV Virtual Monthly Membership Meetings – anyone have thoughts?

**facebook** if you are on Facebook and not a "friend" of Cowtown Vettes, members can't include you in tags – to show your non-club member friends all the fun we are having. Maybe some of you are in the witness protection program and don't want to be tagged. If you are posting, be sure to tag Cowtown Vettes so it appears on our Facebook news feed.

Robert Geyer  
Cruiser Chairperson

James Little: Co-Chair

Hello Cruisers,

As I write this article I look outside and the weather is beautiful... should be cruising. But this is Texas and as the old saying goes, wait a minute and it will change. Imagines of my first early cruise last year come to mind, rain, cold, FOG. So be patient, reliable weather will be here before you know it and we'll all be enjoying our Vettes on the open road again.

So with all this down time, start thinking about your personal car trips searching for Cruiser Points and cool Cruiser Pictures for this years contests. And speaking of Cruiser Points and Pictures, if you are interested in participating, but just don't know how or where to start then join me for my Cruiser 101 class at our March club meeting and I'll give you all the pointers you need.

More on up coming cruises at the February and March club meetings so come on out and hear what I'm planning.

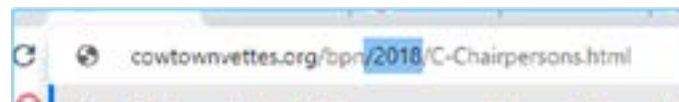

## OUR COWTOWN VETTES LEADERSHIP & CHAIRPERSON POSITIONS – FOR YOUR CONSIDERATION

**Do you have an interest to get more involved in the Club? Then your opportunity is NOW!**

We are still in need of a **Vice President**, and **Audit, Car Show** and **Charity** committee chairs. If you'd like to step up, contact our existing President or a Board member and we can help share our knowledge on those activities and function. If you aren't ready to be a chairperson – step up and offer to be a co-chairperson.

You can also visit our website, select **Contacts** from the menu bar, and then select **Officers** or **Chairpersons** from the drop-down. Next, select the officer, board or chairperson title to see a job description.

Visit the Club's website, it has a [list of members](#) that have served as an elected officer or board member, since the club started in 1974. For chairpersons, you can go to the chairperson page and add a year date in the URL to look at previous years; as shown below.

[Corvette Racing is prepared for an intense, 13-car battle in the GTD Pro class at this year's 24 Hours of Daytona.](#) By SAM MCLEACHERN

The GTD Pro field for the Rolex 24 Hours at Daytona is looking extremely competitive, consisting of factory-backed entries from a wide variety of experienced GT3 manufacturers such as Porsche, Lamborghini, BMW, McLaren, Lexus, Ferrari, Aston Martin and Mercedes-AMG.

The 2022 Rolex 24 at Daytona will kick off on January 29th.

*Howdy Y'all !*

Glad to report that things are getting back to normal at the Museum and the community of Bowling Green is starting a slow build back.

Did you know, as we move towards the **2023** model Corvette in September, it will mark the **70th Anniversary of the Corvette**. Wow !

The museum looks back at the 30th Anniversary addition as an anniversary that almost didn't happen. Changing over from the C3 to C4 there were a number of ambitious upgrades making it impracticable to produce a 1983 edition. Actually there were 43 "pilot-assembly" cars produced with all but one going to the crusher. That one was later found on the plant lot and eventually made it's way to the museum in 1994. The lone survivor identified as RBV098 is still on display at the National Corvette Museum today.

As we near the 70th Anniversary edition, support our museum by buying a brick, a tile, or taking part in a raffle to win your own C8.

### NCM Upcoming Event Dates

- [9-Day Southern Caribbean Cruise](#) | April 15-24, 2022 | on the Celebrity Cruise line | This cruise includes C3 Concierge class veranda stateroom and 3 perks: Classic Beverage Package, wi-fi, and prepaid gratuities. (restrictions apply). Our group will enjoy priority check-in, welcome cocktail reception, a private shore excursion for just our group, Concierge class Embarkation luncheon, dedicated concierge, and a welcome bottle of sparkling wine. This trip is extremely limited so it will sell out fast!

## GLOBE LIFE PHOTO SHOOT

**On Saturday January 22nd, several club members brought out red, white and blue Vettes (Ranger colors) to Globe Life Field for a photo session for an upcoming cars and baseball special on April 15th.**

**There will be prizes for the club that has the most cars at the event.**

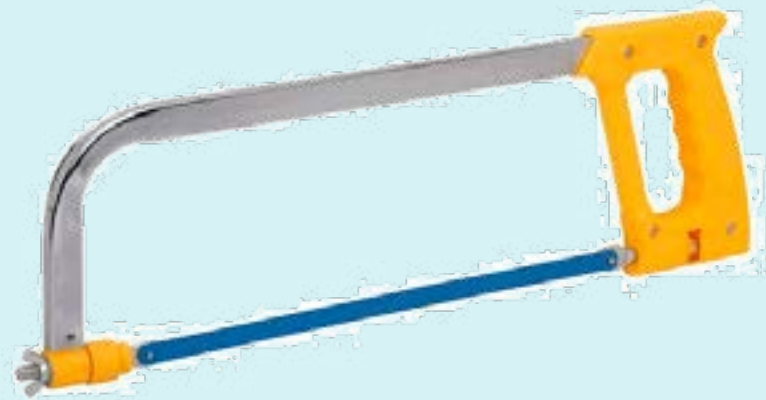

Jerry Lindsey  
CTV Founding Member

1977 started out as a bummer since I was in the midst of a divorce from my wife of over thirteen years. It appeared she was interested in marrying her supervisor who was a bank vice-president who probably couldn't even spell Corvette. Anyway that one didn't last very long before she was looking for number three. The rest of the year went a whole lot better since I was introduced, by the Jandruckos, to Deborah (NMI) Guardalabene who was dissolving a close friendship with another Cowtown Vettes member. We felt we needed to keep the relationships within the club. Needless to say we are looking at 44 years of blissful marriage on January 28th. I know this may be TMI and not very interesting to you but this is my article and I will tell the story as I see it. 😄

1977 was also the year the NCCC Convention came back to Dallas and CTV was ready for it. It is nice to be able to have one so close to home. We had 22 entries in the competitive events, probably twice that many attendees and brought home 7 trophies including Best of Show in the Concours. Larry Hoaldrige won a first place in Concours Prepared F. Debbie Guardalabene and I placed 4th out of 132 entries in the Rally so I figured we were compatible and proposed marriage to her shortly afterwards. Cowtown Vettes accumulated enough competition points in 1977 to place 10th in the nation.

In 1978 the NCCC Convention was held in Charlotte, North Carolina and CTV did not have any members attending. Debbie Lindsey became a member in January 1978 and Don & Karyn Fowler joined in November 1978. 1979, the sixth year of Cowtown Vettes existence, was a banner year for our club. One of our members placed 5th nationally with an unbelievably low 330 points, which would have been good for only 121st place in 2021, and we had the first regional officer from our club. Two of our men, Jerry Lindsey & Don Fowler, and two of our women members, Karyn Fowler & Debbie Lindsey, who was pregnant for 8 months of the year, placed in the top three in our regional championship points. The NCCC convention was in Colorado Springs and was a trip to remember. The high speed autocross and drag race was in Pueblo at a track 4900' elevation and temperatures around 108 degrees and 10% humidity. Porta potties were in abundance but not needed since everything evaporated. We were told if we went off the track to stay in our cars since there were rattlesnakes around. We traveled with the Fowlers and by the time we got to Amarillo Don had blown out both mufflers on his tow vehicle. He was towing his 1966 coupe on a trailer behind his 1973 Corvette. The weather also threw a tornado at the host hotel for good measure. There were 12 CTV members entered in the competitive events and we brought home 6 trophies. Some of the attendees were the Forsythes, Fowlers, Hoaldriged, Jandruckos, Lindseys and my memory fails me after that.

**..... to experience many of the events your Cowtown membership offers!**

The weekend of March 19th and 20th offers a car show, funkhana, banquet, and practice autocross. Except for our wonderful cruise program, thanks to Robert Geyer, much is to be experienced at one time close together. If you want to have a touch of cruising contact many of our members, meet somewhere and caravan to the event. There is nothing like seeing 20 or 30 Corvettes traveling together. The only thing better is being a part of it.

The car show is a people's choice. There will be plaques for the top ten vote getters plus two best of show trophies; One for early model Corvettes, '82 and older, and one for late model Corvettes, '84 and newer. Blow the dust off you "Garage Queen" and come to Burluson and join in the fun.

After the car show there will be a "Funkhana" What the heck is a funkhana? It is grown people trying to do childish things against the clock. It is fun to watch and to participate. If your partner is too old, a fuddy-duddy or not hip, find a friend and come to compete. There are man-woman, woman-man, man-man and woman-woman team choices. There will be Olympic type gold, silver and bronze metals given in each team category. You have a great chance to win a metal!

The banquet is for all Clubs in the Southwest Region and is limited to 100 people. I don't know if it will be a "sell out" so register early. Registration forms are available at the website, [ncccsregion.org](http://ncccsregion.org). At the banquet there will be good food, social time and awards will be given in all categories of regional competition, from car show, autocross, funkhana and rallies, fastest drivers to "Top Cone Killer".

Sunday brings the practice autocross sponsored by Cowtown Vettes. There are many opportunities at this event. You can race your car through the course against the clock and see if you can beat other competitors or you can drive your car through the course at a leisurely pace and enjoy the fabulous handling designed into your car in a safe manor. There will be experienced drivers to drive with you or you with them to enjoy the true Corvette.

There are many other opportunities at the practice autocross such as setting up the course, becoming a starter, registration, teching the cars for safety, becoming a corner worker (best seat in the house), staging cars, timing the cars, recording the event and penalties (cones killed), posting the board and more. If you are a new member or an old member there will be something for you to do or learn. This is the best chance to come out, get acquainted and get involved or at least see what goes on. This may be just another chance to drive your car and socialize with like-minded people.

"See you there in your car"

## NCCC HAPPENINGS

Larry Schaapveld  
NCCC Events Coordinator  
[ncccevents@cowtownvettes.org](mailto:ncccevents@cowtownvettes.org)

The National Council of Corvette Clubs is the sanctioning body that the Cowtown Corvette club, Cowtown Vettes, CTV operates under. Nearly everything our club does is covered under NCCC. From insurance for club events to rules and guidelines how events should be held to provide some uniformity from club to club and equal competition.

The board has approved the budget for our practice autocross on Sunday March 20th, 2022 at Burleson High School. See the article, "This is Your Chance" in this issue of the Low Down.

The next event is Cowtown's first autocross, on April 9th and 10th. At issue is where will it be held? Most of our past venues are closed or priced out of our budget range. In the works is Tarrant County College, South Campus, small and lots of light poles but affordable. Irving Mall and Arlington Stadium's old parking lot might work but neither has responded to availability or price. If you know of a parking lot or any large slab of pavement 6 to 8 acres or more, let me know and I'll follow up. Time is of the essence because I would like to present the budget to the board at the February meeting.
