

KEITH FITZGERALD – Candidate for Junior Board Member

Since becoming members of the Cowtown Vettes, Jan and I have found a home with people that have the same love for Corvettes that we do. I've owned Corvettes off and on for most of my adult life and when I was dating Jan, I found that she loved Vettes as much as I did.

Cowtown Vettes has allowed us to do some great things together with other couples and we realize the wonderful efforts that this club undertakes with charities and special efforts to make our town and club a place to be proud of.

If elected, I will work hard to uphold the principles that have made this club the success that it is today.
